 ► **There is concern that information obtained at post mortem examination is not relayed to relatives. In some centres pathologists meet with relatives in “Pathology Clinics”. These publications describe the benefit of this approach.**

## MULTIPLE CHOICE QUESTIONS

### Education in Heart Interactive ([heart.bmj.com/misc/education.dtl](http://heart.bmj.com/misc/education.dtl))

Education in Heart (EiH) articles each have an accompanying series of six multiple choice questions. These are hosted on BMJ Learning—the best available learning website for medical professionals from the BMJ Group. Each article is submitted to EBAC (European Board for Accreditation in Cardiology; [ebac-cme.org](http://ebac-cme.org)) for 1 hour of external CPD credit.

**Free access for subscribers:** For full details of the resources available to subscribers please see: [heart.bmj.com/misc/education.dtl#access](http://heart.bmj.com/misc/education.dtl#access)

**How to access the questions:** Click on **BMJ Learning: Take this module on BMJ Learning** from the online article content box, table of contents or EiH collection ([heart.bmj.com/cgi/collection/heart\\_education](http://heart.bmj.com/cgi/collection/heart_education)).

If prompted, subscribers must sign into Heart with their journal's username and password.

**Please note:** All users must also complete a one-time registration on BMJ Learning. Users will then subsequently log in (with a BMJ Learning username and password) on every visit in order to log activity and provide appropriate access.

**Activating your subscription to Heart:** If you have not yet activated your online subscription to Heart, please visit [journals.bmj.com/cgi/activate/basic](http://journals.bmj.com/cgi/activate/basic) and enter your six digit (all numeric) customer number (found above your address label with your print copy). If you have any queries, please contact [subscriptions@bmjgroup.com](mailto:subscriptions@bmjgroup.com)

**Case based learning:** You may also be interested in the cardiology interactive case histories published in association with Heart, for more information please see: [heart.bmj.com/misc/education.dtl#ichs](http://heart.bmj.com/misc/education.dtl#ichs)
